

Touren Wheels sees beauty in motion with each wheel we create. We proudly construct only the highest quality wheels that convey your discriminating taste and sense of style. Our engineers scrutinize every detail to ensure that we deliver the most precise products possible. Seek perfection and settle for excellence – Touren Wheels.

TOUREN

T FLOW FORMED

Using an innovative flow formed process, the TF Series by Touren produces a light weight wheel with reduced unsprung weight and crisp responsiveness. The TF Series delivers the highest quality and performance for your vehicle.

The logo for TOUR EN, featuring the word "TOUR" in a bold, sans-serif font above the word "EN" in a similar font, all in white on a black background.The logo for TOUR EN CAST, consisting of a stylized 'T' icon followed by the word "CAST" in a bold, sans-serif font, all in white on a black background.

Progressive cast monoblock composition delivers absolute durability without sacrificing design. Subtle lines and refined details deliver a graceful look that offers standard and staggered fitments for many popular cars while being mindful of large brake caliper clearances.
